GREENFIELD STREET – Winter Parking Ban

Request from Councilor Robert Sullivan on behalf of residents at 53 Greenfield Street and 45 Greenfield Street to have the winter ban parking restriction on Greenfield Street revised so that parking is allowed on the even-numbered side of the street rather than the odd-numbered side of the street.

JORDAN STREET

Request from Councilor Michelle Dubois that a "no thru road" or "dead end" and "Stop" sign be placed going southerly on Jordan Street where it meets Hovendon Ave. (This is the dead end portion of Jordan that has recently been repaved.) Also, placement of a 'slow children' sign on this portion of Jordan Street.

PADDY LANE at LEGION PARKWAY

Request from Captain McCabe to add a Stop Sign on Paddy Lane at Legion Parkway. Captain McCabe informed the members that an officer had brought to his attention that cars come directly out onto Legion Parkway from Paddy Lane and he thinks a stop sign is needed there. Commissioner Thoreson stated that this is two-way traffic on that street, and that Paddy Lane goes from Frederick Douglas Way to Legion Parkway.
